

TARRYTOWN
EXPOCARE

Access to FrameworkLink

1. Open your Internet Explorer
 - a. Please note: It MUST be Internet Explorer in order to run properly.
2. Go to www.tarrytownexpocare.com and click on "FrameworkLink" or go to <http://framework.tarrytownpharmacy.com/frameworklink/>.
3. Click the Enter Button when you reach the FrameworkLink Website
4. You will then be required to put in your User ID and Password
Ex: User ID: 9999
 Password: password
(Should you wish to change your given password, please contact Tarrytown Expocare)
5. Click the Login Button after you have entered your information
6. To access the Physician Orders, please select Medical Records
7. Then select POF (Print Physician Order Forms)
8. Select the individual patient you want to print - DO NOT SELECT ALL PATIENTS
 - a. For easier locating, you can sort your patients by Nursing Station/Patient Name; this will sort your patients into their correct facility
9. Once you've selected your patient, click the OK Button
10. You will see a yellow installation bar pop up, select yes to install
 - a. You will need to install this in order to view the Physician's Order Forms
11. After it is installed, click the Save Button to save and open your Physician's Order form on your computer.
 - a. You may have to select "Allow" if it asks for permission to run on your computer

If you have any issues during these steps, please contact your IT personnel for assistance.
